| <b>Subject Area: Methodological Skills</b>                     |                          |           |           |
| Research Methods for Business                                  | 5                        |           |           |
| <b>Themengebiet: Master's Examination</b>                      |                          |           |           |
| Master's Thesis                                                |                          |           | 15        |
| <b>Total ECTS Points per Semester</b>                          | <b>20</b>                | <b>20</b> | <b>20</b> |
| <b>Total ECTS Points</b>                                       | <b>60</b>                |           |           |

\* The introductory project on self-organized learning is an optional, extracurricular module aimed at first year students before the start of the lecture period, which provides knowledge about the online systems to be used in the study program as well as methods for self-organization.

Note: If you choose the part-time study option, you have the **opportunity to continue working** without restriction alongside your studies, **while still having enough time to study**.
